**Premium Assistance Under Medicaid and the
 Children's Health Insurance Program (CHIP)**
October 2025

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility –

Statement of Federal Law Relating to Maternity and Newborn Infant Coverage:

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and insurers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

ANNUAL NOTIFICATION - WOMEN'S HEALTH AND CANCER RIGHTS ACT

October 2025

WOMEN'S HEALTH AND CANCER RIGHTS ACT

Under this federal law, group health plans, like the Connecticut Pipe Trades Health Fund which provide medical and surgical benefits in connection with a mastectomy, must provide benefits for certain reconstructive breast surgery. This covers reconstruction of the breast on which the mastectomy was performed, surgery or reconstruction on the other breast to produce a symmetrical appearance, prostheses, and physical complications of all stages of a mastectomy, including lymph edemas. Coverage is subject to the Plan's normal rules, including in-network co-payments or out-of-network annual deductibles and co-insurance provisions.

If you have any questions about this law, including Plan benefits for mastectomies or reconstructive surgery, please contact the Fund Office.

If you are married, share this information with your spouse. Contact the Fund Office if you have any questions about the benefits described in this announcement.

Wishing you the best of health,

The CT Pipe Trades Health Fund Office
