Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the New Orleans Employers – International Longshoremen's Association, AFL-CIO Vacation and Holiday Fund as of September 30, 2018 and 2017, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of cash receipts and disbursements is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information. The schedule of assets (held at end of year) is also presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

VACATION AND HOLIDAY FUND
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018 AND 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The financial statements of the Vacation and Holiday Fund (the Fund) have been prepared on the accrual basis of accounting. The financial operations of the Vacation and Holiday Fund are reflected in the financial statements of the Fund.

Contributions:

Generally, the Fund records contributions as reported by the employers. Employer contributions are based upon man-hours worked by International Longshoremen's Association bargaining unit labor and upon the rates established by collective bargaining agreements between the New Orleans Steamship Association, its successor; MidGulf Association of Stevedores, Inc.; other signatory employers; and the local unions. Contributions received are generally allocated between the eligible Funds (Pension, Welfare, and Vacation and Holiday) at the discretion of the Board of Trustees (the Board), pursuant to the collective bargaining agreement. There were no contributions allocated to the Fund during 2018 and 2017. In 2018 and 2017, \$5.00 per hour worked was allocated to the Management - ILA Health Care Trust Fund, in accordance with the Master Contract between the United States Maritime Alliance and the International Longshoremen's Association, AFL-CIO (ILA).

The October 1, 2009 Master Contract Memorandum of Settlement created a new Carrier - ILA Container Royalty Fund No. 5 (CR-5 Fund). The sole and exclusive purpose of the CR-5 Fund is to provide financial assistance to joint Management - ILA employee benefit plans (other than pension plans) in the local ports or districts. Applications for financial assistance are granted to local employee benefit plans that are in need due to shortfalls in funding provided the plans meet the criteria for assistance established by the CR-5 Fund Trustees. The Trustees of the New Orleans Employers - International Longshoremen's Association, AFL-CIO Vacation and Holiday Fund applied for and received financial assistance in the amount of \$567,611 in 2018 and \$450,125 in 2017, respectively, from the CR-5 Fund.

The CR-5 Fund distributes payments to local royalty funds, without the necessity of showing need, equivalent to what the local funds received from the Carriers Escrow Fund concerning the 40% excess royalty cap and subsidy payment for the year ended September 30, 2009. The CR-5 Fund distributed \$2,081,996 to the New Orleans Employers - ILA, AFL-CIO Royalty Escrow Account in October 2018 and again in October 2017 for the 2017/2018 and 2016/2017 Labor Contract Years which was equivalent to the 40% excess royalty cap and subsidy payment received from the Carriers Escrow Fund for the year ended September 30, 2009 as referenced above. The Royalty Principals allocated \$861,996 and \$951,996 of two annual installment payments of \$2,081,996 to the NOE - ILA Vacation and Holiday Fund for the years ended September 30, 2018 and 2017, respectively. The Royalty Principals allocated the remaining Royalty contributions to the NOE - ILA, AFL-CIO Welfare Fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Contributions: (Continued)

The October 1, 2012 Master Contract Memorandum of Settlement between the United States Maritime Alliance, Ltd. and the International Longshoremen's Association, AFL-CIO provides for a Container Royalty Central Collection Fund (CRCC Fund) to collect and distribute all container royalties payable pursuant to the Master Contract.

Vacation and Holiday Pay and Related Payroll Taxes:

The Fund provides vacation and holiday benefits to qualified employees who work in the industry under the collective bargaining agreements. These benefits are determined annually by the Board. Effective with the year ended September 30, 2011, the Fund no longer offered interim vacation payments. The liabilities for the amounts so determined, together with related payroll taxes, are accrued in the accompanying financial statements.

Expenses:

Expenses incurred in the administration of the Fund and other funds administered by the Board are paid through a single operating account. Expenses directly related to a specific fund are charged to such fund. Expenses not directly related to a specific fund are allocated to the funds based upon each employee's time attributable to each fund as approved by the Board of Trustees. It is believed that the current allocation of staff and administrative expenses achieve the desired result of a meaningful allocation of expenses. The indirect expense allocation was changed from 4% to 3% effective October 1, 2011. Indirect expenses for the years ended September 30, 2018 and 2017 were \$32,092 and \$33,228, respectively.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported contributions, income, and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents:

The Fund considers all highly-liquid instruments purchased with an original maturity of three months or less to be cash equivalents.

2. DESCRIPTION OF THE FUND:

The Vacation and Holiday Fund (the Fund) was established under the terms of an Agreement and Declaration of Trust dated May 10, 1957, as amended, between the New Orleans Steamship Association and its successor, MidGulf Association of Stevedores, Inc., on behalf of their member companies; certain other employers; and various local unions of the ILA. The Fund is administered by the Board, which also administers a Pension Fund and a Welfare Fund also covered under the agreement identified above.

The Fund was restated July 19, 2011 to recognize the contributions from the Carrier – ILA Container Royalty Fund No. 5 (CR-5 Fund). This restatement changed the definition of contributions to include CR-5 contributions as well as to provide eligibility with regard to those funds.

The Fund is funded principally by employer contributions which are based upon man-hours worked and by transfers of funds from the New Orleans Employers – ILA Royalty Escrow Account and Container Royalty Fund No. 5. Benefits are paid annually based upon a benefit scale which is determined each year by the Board. Participants are entitled to receive only the benefits allocated to them by the Board and no employee has a vested interest in the Fund.

The Fund is to continue for a term co-extensive with the term of the collective bargaining agreements and the Agreement and Declaration of Trust, provided that provisions authorizing continuation of the Fund are contained therein. If the Fund is not extended, the Board shall continue to perform and carry out the provisions of the Fund on the basis that all employees who become thereafter eligible to receive benefits in accordance with the provisions of the Fund shall receive such benefits as if the Fund were extended until the total assets of the Fund are disbursed.

For the year ended September 30, 2018 and 2017, vacation benefits were \$.90 per hour worked. To be eligible for vacation benefits, an employee must have been employed in the Industry for a minimum of 500 hours during the Labor Contract Year. After reaching eligibility, vacation benefits are due to participants up to a maximum of 3,000 hours.

To be eligible for holiday benefits, an employee must have been employed in the industry for a minimum of 700 hours during the Labor Contract Year with a maximum of 2,500 hours used for computing the maximum benefit. For the years ended September 30, 2018 and 2017, holiday benefits were \$.50 and \$.63, respectively, per hour worked.

Hours worked at the casual or transitional contribution rate are not counted toward eligibility for vacation and holiday benefits. Union officials are eligible to receive vacation and holiday benefits, but hours worked as royalty compliance investigators do not qualify towards eligibility to receive those benefits.

3. CASH AND CASH EQUIVALENTS:

Following are the components of the Fund's deposits and cash equivalents at September 30:

	<u>2018</u>	<u>2017</u>
Demand deposits (book balances)	\$ 12,354	\$ 15,658
Cash equivalents:

Total cash and cash equivalents	<u>\$1,507,561</u>	<u>\$1,537,525</u>

Cash:

The balances in interest-bearing and noninterest-bearing accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per insured bank through September 30, 2018. The cash balances were fully insured by the FDIC at September 30, 2018 and 2017.

Cash Equivalents:

During the year ended September 30, 2017 the Fund entered into a Sweep Vehicle Authorization Agreement with Whitney Bank Trust (the Bank). The agreement allows the Bank to transfer excess cash balances to a money market mutual fund – Federated Government Obligations Fund (GOSXX). A sweep of the excess cash allows the Fund to earn interest on the funds while retaining the flexibility to quickly access that cash to purchase securities or withdraw it. Money market mutual funds are treated as securities and are registered with the Securities and Exchange Commission, pursuant to the Investment Company Act of 1940. Shares in a money market fund are not FDIC-insured, not guaranteed by the Federal Government, and are not deposits or obligations of any bank or guaranteed by the bank. Federated Government Obligations money market mutual fund is on the National Association of Insurance Commissioner's list as a U.S. Direct Obligations/Full Faith & Credit listing. This designation denotes that the funds meets certain quality and pricing guidelines, such as: a rating of AAAM by a Nationally Recognized Statistical Rating Organization (NRSRO), maintain a constant NAV \$1.00 at all times, allow a maximum 7 day redemption of proceeds, and invest 100% in US government securities. Money market funds are designed to maintain a \$1 share price at all times, but there can be no assurance that a money market fund will be able to maintain a stable net asset value of \$1 per share. Federated Government Obligations Fund is rated AAAM by Standard & Poor's after evaluating a number of factors, including credit quality, market price, exposure and management. Whitney Bank may receive a fee from the mutual fund, its advisor or distributor for providing various administrative and ministerial services up to .5% from the overall fund expense ratio of the fund.

4. FAIR VALUE MEASUREMENTS:

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value based on inputs used to measure fair value, and enhance disclosure requirements to fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on a market data obtained from sources independent of the reporting entity (observable inputs that are classified as Level 1 or 2 of the hierarchy) and the reporting fund's own assumptions about market participant assumptions (unobservable inputs classified as Level 3 of the hierarchy).

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the measurement date;

Level 2: Inputs other than quoted prices that is observable for the asset or liability either directly or indirectly, including inputs in the markets that are not considered to be active;

Level 3: Inputs that are unobservable (i.e., supported by little or no market activity).

FASB ASC 820-10 also denotes three general valuation techniques that may be used to measure fair value, as described below:

Market approach – uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades or other sources;

Cost approach – based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

Income approach – uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

- *Cash and cash equivalents* – the cash and cash equivalents consist primarily of U.S. government and treasury obligations. It seeks to maintain a stable net asset value (“NAV”) of \$1 and is classified as Level 1.

4. FAIR VALUE MEASUREMENTS: (Continued)

The Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Fund has the following recurring fair value measurements as of September 30, 2018 and 2017, respectively:

<u>2018</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Investments by Fair Value Level:				
Cash Equivalents	\$ 1,495,207	\$ 1,495,207	\$ -	\$ -
Total Investments at Fair Value Level	<u>\$ 1,495,207</u>	<u>\$ 1,495,207</u>	<u>\$ -</u>	<u>\$ -</u>
<u>2017 (Restated)</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Investments by Fair Value Level:				
Cash Equivalents	\$ 1,521,867	\$ 1,521,867	\$ -	\$ -
Total Investments at Fair Value Level	<u>\$ 1,521,867</u>	<u>\$ 1,521,867</u>	<u>\$ -</u>	<u>\$ -</u>

Considerable judgment is required in interpreting market data to develop the fair value estimates. Accordingly, the estimates presented therein may not be indicative of the amounts that the Fund could realize in a current market exchange. The use of different market assumptions or valuation methodologies may have a material effect on the estimates.

5. INCOME TAX STATUS:

The Fund has adopted a standardized plan which has received a favorable determination from the Internal Revenue Service in January 1975. The Fund's sponsor believes that the Fund is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Internal Revenue Service has ruled that the Fund qualifies as a voluntary employees' beneficiary association under Section 501(c)(9) of the Internal Revenue Code and is, therefore, exempt from tax under present federal income tax laws.
