The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan 501's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### 1. <u>DESCRIPTION OF THE PLAN</u>:

Welfare Fund Plan 501 (Plan 501) was established under the terms of an Agreement and Declaration of Trust dated May 10, 1957, as amended, between the New Orleans Steamship Association, its successor; Midgulf Association of Stevedores, Inc.; and various local unions of the International Longshoremen's Association, AFL-CIO. Plan 501 is administered by the Board of Trustees, which also administers a Pension Plan and a Vacation and Holiday Plan, which were also created under the agreement identified above.

Plan 501 provides temporary disability income, life insurance, and accidental death and dismemberment benefits to eligible active as well as life insurance to eligible retired employees. Life insurance for dependent spouses is also provided by Plan 501. The section entitled "Cost of Welfare Benefits" under "Summary of Significant Accounting Policies" describes how those benefits and related administrative expenses are funded.

The Plan 501 eligibility requirement for collective bargaining unit registered employees, upon whose behalf \$5.00 per hour is contributed to the MILA Plan, is 1,300 hours or more for the Premier Plan, between 1,000 and 1,299 hours for the Basic Plan, and between 700 and 999 hours for the Core Plan for the years ended September 30, 2020 and 2019, respectively. The eligibility requirement for collective bargaining unit casual and transitional employees, upon whose behalf \$3.125 per hour is contributed to the MILA Plan, is 2,080 hours or more for the Premier Plan, between 1,600 and 2,079 hours for the Basic Plan, and between 1,120 and 1,599 hours for the Core Plan for the years ended September 30, 2020 and 2019, respectively. The eligibility requirement for collective bargaining unit employees upon, whose behalf both the \$5.00 and \$3.125 hourly contribution rate is contributed to the MILA Plan, is \$6,500 or more for the Premier Plan, between \$5,000 and \$6,499 for the Basic Plan, and between \$3,500 and \$4,999 for the Core Plan for the years ended September 30, 2020 and 2019, respectively. The medical, prescription, and mental health benefits provided by Welfare Fund Plan 502 are funded by the MILA Health Care Trust Fund, which was created in accordance with the 1996-2001 Master Contract between the Carriers Container Council and the International Longshoremen's Association, AFL-CIO. The temporary disability income, life, and accidental death and dismemberment benefits continue to be provided under Plan 501.

No employee or retired employee has a vested interest in Plan 501.

Plan 501 is to continue for a term co-extensive with the term of the collective bargaining agreements and the Agreement and Declaration of Trust, provided that provisions authorizing continuation of the Plan are contained therein. If Plan 501 is not extended, the Board of Trustees shall continue to perform and carry out the provisions of Plan 501 on the basis that all employees who become thereafter eligible to receive benefits, in accordance with the provisions of Plan 501, shall receive such benefits as if Plan 501 were extended until the total assets of the Fund are disbursed.

### 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>:

#### **Basis of Accounting:**

The accompanying financial statements of Welfare Fund Plan 501 have been prepared on the accrual basis.

#### Postretirement Benefit Obligations:

The postretirement benefit obligations represent the actuarial present value of those estimated future benefits that are attributable under the provisions of Plan 501.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims data to estimate future annual incurred claims per participant and to adjust such estimates for the time value of money and the probability of payment between the valuation date and the expected date of payment, and to reflect the portion of those claims expected to be paid by the retired participants and other providers.

### Contributions:

Plan 501 records contributions as reported by the employers. Employer contributions are based upon man-hours worked by International Longshoremen's Association bargaining unit labor and upon the rates established by collective bargaining agreements among the New Orleans Steamship Association, its successor, Midgulf Association of Stevedores, Inc., other signatory employers, and the local unions. Contributions received are allocated between the eligible Funds (Pension, Welfare, and Vacation and Holiday) at the discretion of the Board of Trustees (the Board), pursuant to the collective bargaining agreements. In 2020 and 2019, \$5.00 per hour was allocated to the MILA Managed Health Care Trust Fund, in accordance with the Master Contract between the United States Maritime Alliance and the International Longshoremen's Association, AFL-CIO.

All contributions were allocated by the Board to the Pension Fund for the years ended September 30, 2020 and 2019. All Welfare Fund Plan 501 contributions for the years ended September 30, 2020 and 2019, were funded by royalty contributions from the New Orleans Employers ILA, AFL-CIO Royalty Escrow Account which received those contributions from the Carrier – ILA Container Royalty Fund No. 5 (CR-5 Fund).

### 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

#### Contributions: (Continued)

The October 1, 2009 Master Contract Memorandum of Settlement created a new Carrier – ILA Container Royalty Fund No. 5 (CR-5 Fund). The sole and exclusive purpose of the CR-5 Fund is to provide financial assistance to joint Management – ILA employee benefit plans (other than pension plans) in the local ports or districts. Approvals of applications for financial assistance are granted to local employee benefit plans that are in need due to shortfalls in funding provided the plans meet the criteria for assistance established by the CR-5 Fund Trustees.

The CR-5 Fund distributes payments to local royalty funds, without the necessity of showing need, equivalent to what the local funds received from the Carriers Escrow Fund concerning the 40% excess royalty cap and subsidy payment for the year ended September 30, 2009. The CR-5 Fund distributed \$2,081,996 to the New Orleans Employers – ILA Royalty Escrow Account in October 2020 and October 2019 which was equivalent to the 40% excess royalty cap and subsidy payment received from the Carriers Escrow Fund for the year ended September 30, 2009, as referenced above. The Royalty Principals allocated \$1,229,000 and \$1,167,000 of the annual installment payments of \$2,081,996 to the NOE – ILA Welfare Fund Plans 501 and 502 for the years ended September 30, 2020 and 2019, respectively. The \$1,229,000 allocated in 2020 was allocated between Plans 501 and 502 in the amounts of \$1,113,168 and \$115,832, respectively. The \$1,167,000 allocated in 2019 was allocated between Plans 501 and 502 in the amounts of \$1,061,592 and \$105,408, respectively.

#### Cost of Welfare Benefits:

Life and accidental death and dismemberment coverage is provided by Plan 501 to qualified active and retired participants and their dependent spouses through a group insurance contract entered into by Plan 501 and an insurance company. Short-term disability benefits are provided by Plan 501 to qualified active participants on a self-insured basis.

Except to the extent of the benefits provided through Plan 501 (see note 2), the Plan provides that no person shall have a vested interest in Plan 501. Employees who work a specified number of hours during Plan 501's fiscal year are eligible for benefits during the following calendar year.

### Administrative Expenses:

Expenses incurred in the administration of Plan 501, and other funds administered by the Board of Trustees, are paid through an operating account. Expenses directly related to a specific fund are charged to such fund. Expenses not directly related to a specific fund are allocated to the various funds based upon each employee's time attributable to each fund as approved by the Board of Trustees.

### 2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

It is believed that the current allocation of staff and administrative expenses achieve the desired result of a meaningful allocation of expenses. Plan 501 has allocated 41.2% of indirect expenses for the years ended September 30, 2020 and 2019. Indirect expenses totaled \$468,793 and \$455,678 for the years ended September 30, 2020 and 2019, respectively. Direct expenses totaled \$52,586 and \$60,394 for the years ended September 30, 2020 and 2019, respectively.

### Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported contributions, income, and expenses during the reporting period. Actual results could differ from those estimates.

#### 3. <u>PLAN BENEFIT OBLIGATIONS</u>:

### 3. <u>PLAN BENEFIT OBLIGATIONS</u>: (Continued)

Plan benefit obligations totaled \$7,037,539 and \$6,812,142 for years ended 2020 and 2019, respectively. The financial risk associated with this liability was covered through a group insurance contract with ULLICO Markel for period ended September 30, 2020. The Plan is not required to implement a funding policy to satisfy the projected obligation.

Changes in the plan benefit obligations during 2020 and 2019 and their effects on the plan benefit obligations follows:

	<u>2020</u>	<u>2019</u>
Amounts currently payable to participants: Balance at beginning of year Claims reported and approved for payments Claims paid Balance at end of year	\$ 43,387 113,883 (66,527) \$ 90,743	\$ 43,643 41,464 (41,720) \$ 43,387

Plan's total benefit obligations		
at end of year	\$ <u>7,036,539</u>	\$ <u>6,812,142</u>

Valuation assumption changes increased obligations by \$452,986. This was the net result of an increase in obligations due to lowering the discount rate. The discount rate is reset each year based on the rates of return of high-quality fixed income investments currently available as of the valuation measurement date whose cash flows match the timing and amount of expected benefit payments. The increase was also due to an update to the Mortality Improvement Scale and a decrease in obligations to updating disability and retirement rates.

### 3. <u>PLAN BENEFIT OBLIGATIONS</u>: (Continued)

Assumptions utilized to measure the postretirement benefit obligation at September 30, 2020 and 2019, were as follows:

	<u>2020</u>	<u>2019</u>
Discount rate: Retirement	2.10%	2.85%
Mortality rates: Healthy	RP-2014 Blue Collar tables, set forward 3 years for males and 2 years for females, with 75% of the MP2018 Projection Scale applied	RP-2014 Blue Collar tables, set forward 3 years for males and 2 years for females, with 75% of the MP2018 Projection Scale applied
Disabled	RP-2014 Disabled Retiree Mortality, set forward 3 years for males and 2 years for females, with 75% of the MP2018 Projection Scale applied	RP-2014 Disabled Retiree Mortality, set forward 3 years for males and 2 years for females, with 75% of the MP2018 Projection Scale applied
Valuation date:	September 30, 2020	September 30, 2019

The weighted-average health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. Using trend rates 1% higher than the assumed health care cost trend rates would result in a \$94,939 increase of the accumulated postretirement benefit obligation.

### 4. CASH AND CASH EQUIVALENTS:

The following is a detail of Plan 501's deposits and cash equivalents as of September 30, 2020 and 2019:

	2020	<u>2019</u>
Demand deposits (book balances) Cash equivalents:	\$ 115,655	\$ 127,041
Money market mutual fund Total cash and cash equivalents	<u>227,613</u> \$ <u>343,368</u>	<u>229,011</u> \$ <u>356,052</u>

#### 4. <u>CASH AND CASH EQUIVALENTS</u>: (Continued)

#### Cash:

The balances in interest-bearing and noninterest-bearing accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per insured bank through September 30, 2020. The cash balances were fully insured by the FDIC at September 30, 2020 and 2019.

#### Cash Equivalents:

During the year ended September 30, 2017 the Fund entered into a Sweep Vehicle Authorization Agreement with Whitney Bank Trust (the Bank). The agreement allows the Bank to transfer excess cash balances to a money market mutual fund – Federated Government Obligations Fund (GOSXX). A sweep of the excess cash allows the Fund to earn interest on the funds while retaining the flexibility to quickly access that cash to purchase securities or withdraw it. Money market mutual funds are treated as securities and are registered with the Securities and Exchange Commission, pursuant to the Investment Company Act of 1940. Shares in a money market fund are not FDIC-insured, not guaranteed by the Federal Government, and are not deposits or obligations of any bank or guaranteed by the Bank. Federated Government Obligations Money Market Mutual Fund is on the National Association of Insurance Commissioner's list as a U.S. Direct Obligations/Full Faith & Credit listing. This designation denotes that the funds meets certain quality and pricing guidelines, such as: a rating of AAAm by a Nationally Recognized Statistical Rating Organization (NRSRO), maintain a constant NAV \$1.00 at all times, allow a maximum seven day redemption of proceeds, and invest 100% in U.S. Government securities. Money market funds are designed to maintain a \$1 share price at all times, but there can be no assurance that a money market fund will be able to maintain a stable net asset value of \$1 per share. Federated Government Obligations Fund is rated AAAm by Standard & Poor's after evaluating a number of factors, including credit quality, market price, exposure and management. Whitney Bank may receive a fee from the mutual fund, its advisor, or distributor for providing various administrative and ministerial services up to .5% from the overall fund expense ratio of the fund.

Effective October 5, 2020 the Fund switched from the Federated Government Obligations Fund (GOSXX) to the Goldman Sachs Financial Square Government Fund (FOAXX).

### 5. <u>FAIR VALUE MEASUREMENTS</u>:

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value based on inputs used to measure fair value, and enhance disclosure requirements to fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on a market data obtained from sources independent of the reporting entity (observable inputs that are classified as Level 1 or 2 of the hierarchy) and the reporting fund's own assumptions about market participant assumptions (unobservable inputs classified as Level 3 of the hierarchy).

### 5. <u>FAIR VALUE MEASUREMENTS</u>: (continued)

- Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the measurement date;
- Level 2: Inputs other than quoted prices that is observable for the asset or liability either directly or indirectly, including inputs in the markets that are not considered to be active;

Level 3: Inputs that are unobservable (i.e., supported by little or no market activity).

FASB ASC 820-10 also denotes three general valuation techniques that may be used to measure fair value, as described below:

Market approach – uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades or other sources;

Cost approach – based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and

Income approach – uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

• *Cash and cash equivalents* – the cash and cash equivalents consist primarily of U.S. government and treasury obligations. It seeks to maintain a stable net asset value ("NAV") of \$1 and is classified as Level 1.

The Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Fund has the following recurring fair value measurements as of September 30, 2020 and 2019, respectively:

### 5. <u>FAIR VALUE MEASUREMENTS</u>: (Continued)

<u>2020</u>	Fair Value	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Investments by Fair Value Level:					
Cash Equivalents	\$ 227,713	\$ 227,713	\$ -	\$ -	
Total Investments at Fair Value Level	\$ 227,713	\$ 227,713	\$ -	<u>\$</u>	
<u>2019</u>	Fair Value	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Investments by Fair Value Level:					
Cash Equivalents	\$ 229,011	\$ 229,011	\$ -	\$ -	
Total Investments at Fair Value Level	\$ 229,011	\$ 229,011	\$ -	<u>\$</u>	

Considerable judgment is required in interpreting market data to develop the fair value estimates. Accordingly, the estimates presented therein may not be indicative of the amounts that the Fund could realize in a current market exchange. The use of different market assumptions or valuation methodologies may have a material effect on the estimates.

### 6. <u>INCOME TAX STATUS</u>:

The Internal Revenue Service has ruled that Plan 501 qualifies as a voluntary employees' beneficiary association under Section 501(c)(9) of the Internal Revenue Code and is, therefore, exempt from tax under present federal income tax laws.

The Plan's Federal Annual Return/Report of Employee Benefit Plan Tax Return (Form 5500) and Return of Organization Exempt From Income Tax (Form 990) for 2020, 2019, 2018, and 2017 are subject to examination by the IRS, generally for three years after they were filed.

### 7. <u>CONTINGENCY</u>:

Plan 501 is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of the Board, the ultimate disposition of these matters will not have a material adverse effect on Plan 501's financial position.

#### 8. <u>DUE TO/FROM OTHER FUNDS</u>:

Amounts due from and to other funds at September 30, 2020 and 2019, were as follows:

### 9. SUBSEQUENT EVENTS:

The Fund evaluated its September 30, 2020 financial statements for subsequent events through April 20, 2021 and determined that no events occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statement.

## 11. COVID-19 PANDEMIC RELIEF FUND:

The COVID Pandemic Relief Fund (CPRF) was adopted April, 30, 2020 and retroactively effective as of February 1, 2020. The purpose of the CPRF is to provide income replacement to members of the workforce who involuntarily are unable to work because of a specific situation directly linked to the COVID-19 pandemic. A member is eligible for the Plan benefits if they have worked as a longshormen, checker, clerk or M&R worker and were employed under the 2018-2024 USMX-ILA Master Contract for sixty or more hours from January 1, 2020 until the date of involuntary loss of work. The Fund is intended to supplement governmental and local unemployement benefits and designed to operate as a "supplemental unemployement benefits plan" as established by the IRS Revenue Ruling 56-249. The Fund consist of assets of the Contributions to the Fund from the Escrow Account shall be made at such times and in such amounts as necessary to satisfy Plan obligations as otherwise determined by United States Maritime Alliance, Ltd. and the International Longshoremen's Association, AFL-CIO.

### 10. <u>UNCERTAINTIES</u>:

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") as a pandemic. The Fund expects this matter may continue to negatively impact the results of their operations and financial position but the related financial impact cannot be reasonably estimated at this time.
