| Important Questions | Answers | Why This Matters: |
|---|---|---|
| **What is the overall deductible?** | In-Network: $400 person/ $800 family<br>Out-of-Network: $800 person/ $1,600 family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. |
| **Are there services covered before you meet your deductible?** | Yes. Preventive care and prescription drugs are covered before you meet your deductible. | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ |
| **Are there other deductibles for specific services?** | No. | You don't have to meet deductibles for specific services. |

| **What is not included in the out-of-pocket limit?** | In-Network: Premiums, balance billing, dental and optical expenses, costs paid by drug manufacturers for certain non-essential specialty drugs, and health care this plan does not cover.<br>Out-of-Network: Not Applicable | In-Network: Even though you pay these expenses, they don't count toward the out-of-pocket limit.<br><br>Out-of-Network: This plan does not have an out-of-pocket limit on your expenses. |
| **Will you pay less if you use a network provider?** | Yes. See **www.excellusbcbs.com** or call **1-800-499-1275** for a list of In-Network providers. | This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
