

NOTICE FROM THE WISCONSIN ELECTRICAL EMPLOYEES BENEFIT FUND

"A number of participants have recently received notices regarding settlement of a class action involving Blue Cross and Blue Shield. The Wisconsin Electrical Employees Health Fund receives certain services from Anthem and is reviewing claims the Fund has against Anthem. **The Fund cannot provide advice to individual participants regarding the settlement.** However, because the Fund pays the full cost of the Anthem fees, and may possess claims against Anthem that it will evaluate and possibly pursue, individuals may conclude they don't need to take further action. www.BCBSsettlement.com can provide additional information. The Fund Office possesses no additional information relevant to individuals' possible claims."
