Under federal law, group health plans that provide medical and surgical benefits in connection with a mastectomy must provide benefits for certain reconstructive surgery after a mastectomy. In the case of a participant or beneficiary who is receiving benefits under the plan in connection with a mastectomy and who elects breast reconstruction, federal law requires coverage in a manner determined in consultation with the attending physician and the patient, for:

- » All stages of reconstruction of the breast on which the mastectomy was performed;
- » Surgery and reconstruction of the other breast to produce asymmetrical appearance; and
- » Prosthesis and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

Important Notice from United Food and Commercial Workers Union Local 655 Welfare Fund About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with United Food and Commercial Workers Union Local 655 Welfare Fund and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this; coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. United Food and Commercial Workers Union Local 655 Welfare Fund has determined that the prescription drug coverage offered by the United Food and Commercial Workers Union Local 655 Welfare Fund is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

Effect of Enrolling in Medicare Prescription Drug Program

You should compare your current coverage, including which medications are covered, with the coverage and cost of the Medicare plans in your area.

If you do not enroll for Medicare Prescription Drug Coverage you will continue to receive current benefits under the UFCW 655 Welfare Fund (as long as payments are made and you are otherwise eligible to continue Plan coverage). Remember the UFCW 655 Welfare Fund also provides medical and other benefits, in addition to prescription drug benefits. You will continue to receive all current benefits for which you are eligible.

If you enroll for Medicare Prescription Drug Coverage your coverage under the UFCW 655 Welfare Fund will continue and will be coordinated with Medicare. Keep in mind there is a monthly premium for Medicare Prescription Drug Coverage.

You should carefully consider whether enrolling in a Medicare prescription drug program is worth the cost to you. If you enroll for Medicare Prescription Drug Coverage and later drop it, you will continue to receive prescription drug coverage under the UFCW 655 Welfare Fund if you are still eligible and receiving medical coverage under the Fund.

See pages 7-9 of the CMS Disclosure of Creditable Coverage to Medicare Part D Eligible Individuals Guidance (at [http://www.cms.hhs.gov/Creditable Coverage/](http://www.cms.hhs.gov/Creditable%20Coverage/)), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with United Food and Commercial Workers Union Local 655 Welfare Fund and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.
